EXPERIENCE

Car Rental Website - Freelance

- Collaborated with a team of 2 to build a professional, responsive car rental website. Implemented pagination for seamless navigation
- Addressed key performance issues such as LCP, FID/TBT, and CLS. Followed best practices to optimize website performance to 100%. Integrated the Email.js library for email functionality

PERSONAL PROJECTS

1. Quick Kart (Ecommerce website)

- Implemented Next.js dynamic routing and pagination for efficient data handling
- Built a performant search functionality using debouncing and managed state with Redux Toolkit for smooth component interactions
- Secured user authentication with Hanko and Processed online transactions securely via Stripe
- Used HOC and Custom Hooks for reusable code and optimized performance by addressing LCP, TBT, and CLS issues

2. Movie Hub

- Developed a movie review platform using React.js and used HOC, Container/Presentational, and Custom Hooks react design patterns
- Implemented React Lazy loading, useMemo API and Conducted performance optimization for faster load times
- Applied debouncing techniques for efficient event handling
- Integrated Auth0 for secure user authentication and implemented Role-Based Access Control in the React application, ensuring that certain content is only accessible to authenticated users

3. My Portfolio

- Built a portfolio website to showcase projects, integrating Gmail service via Email.js for direct communication
- Enhanced user experience with smooth transitions using Framer Motion and Developed a responsive, modern-designed website
- Achieved 100% performance through best practices and passed core web vitals assessment

TECHNICAL SKILLS

Languages: Html, Css, Javascript, Typescript

Frameworks/Libraries: React.Js, Redux, Tailwind, Next.Js, Tanstack Query

Dev Tools: Git, Github, Vs Code

Design Patterns: React Design Patterns

Performance Optimization: Web Performance, Network Optimization, and Asset Optimization

EDUCATION

Shantadurga Higher Secondary School

Stream: Science

Sancoale, Goa

july 2018 - august 2021

CERTIFICATES

1. React Course
2. Responsive Design Course
